

Characteristics

- ❖ Expandable from 1,5x2,7m to 2,5x3,5m
- ❖ Reliably withstands loads of up to 480N
- ❖ Includes 10 expander hooks
- ❖ Close-meshed and stretchable net structure
- ❖ Rubber rope with reinforced net cord
- ❖ 4 corner markings for easy handling
- ❖ Weather-resistant against UV radiation and cold
- ❖ Suitable for many areas of application

Application

- ❖ Transport protection for various goods
- ❖ Free-range enclosure for rabbits and hares
- ❖ Safety net for balconies and terraces
- ❖ Securing garden waste or building materials and much more.

Offgridtec trailer nets with expander hooks

Article number	8-01-021405	Elongation at break per mesh	480N
EAN	4262442220798	Breaking load (area)	1,5kN
Manufacturer part number	021405	Expander hook length	15cm
Tension rope strength	5mm	Material	Polypropylene (PP)
Cord thickness	4mm	Dimensions	1,5x2,7m (to 2,5x3,5m)
Mesh structure	35x35mm	Weight	1,08kg
Stretched mesh structure	120x120mm

User instructions

1. Before use

- Check the net and the expander hooks for damage to ensure safety.
- Make sure that the size of the net is suitable for your trailer.

2. Installing the net

- Attach the expander hooks securely to the corners of the net.
- Stretch the net evenly over the load so that it protrudes a few centimetres on each side.
- Use existing round buttons or anchor points on the trailer to secure the net tightly. Safety instructions

3. Safety instructions

- Make sure that all expander hooks are securely fastened to prevent loosening during the journey.
- Do not exceed the maximum load capacity of the net of 480N per mesh.
- Check the tension of the net regularly and adjust it if necessary.

4. Care and storage

- Clean the net after each use with a damp cloth and allow it to dry completely.
- Avoid sharp edges and pointed objects that could damage the material.
- Store the net in a dry, cool place, protected from direct sunlight.

5. Additional instructions

- For optimum safety, you can combine the net with additional tensioning hooks or tarpaulin tensioners.
- The corner markings make it easier to align the net on the trailer.
- Do not use the net in extremely cold weather if it appears stiff or brittle.
